RE: Rocky Doan

To Whom it May Concern:

It is with great pleasure I am writing this letter on behalf of Rocky Doan. Rocky Doan the owner of Rock Solid Construction has been contracted by me. Rocky's first contract with me was in 2009 and he quickly became a highly valued contractor. As I became familiar with his work ethic, Rocky continued to be the only contractor in the area I would hire.

During the past 5 years, Rocky has demonstrated a strong honest loyal work ethic and consistently completed tasks with great quality and pride. He has always possessed diligence in all aspects of his work. Rocky was a team player, trustworthy, dependable and dedicated. When needed, Rocky took on a leadership role and had a remarkable talent to guide and instruct me through various projects. Rocky gave above and beyond in all his contracts with me and proved himself to hold the characteristics of a well respected and admired contractor. In our fast paced environment, he was able to multitask and adapt to any circumstance that would arise. He has established excellent interpersonal relationships with all my employees and his job performance surpassed, far beyond, my expectations. I have to compliment his character even within the most challenging situations.

I highly recommend Rocky Doan to you, and I can assure you, he would be an asset to you. Rocky's successful personality compliments all his endeavors. I can assure you Rock Solid Construction will be a victorious addition to your project. Rocky would be a valued resource to have as a part of your team.

I highly recommend Rocky Doan.

Sincerely,

Barbra Grela
Owner
